Location

Marsa Alam is a beach town located on the western shore of the Red Sea. It is the most southern of Egypt's Resorts, occupying a virgin stretch of Red Sea Coastline. The city is currently seeing fast increasing popularity as a tourist destination following the opening of the International Airport in 2011. Marsa Alam transformed from being just a small fishing village to become a famous sea resort and a center for diving and sea trips as the city contains matchless coral reefs and diving spots.

Marsa Alam is a port and resort 700 km away from Cairo and 280 km away from Hurghada

La Perla Di MarsaAlam is located in the coastal road of Marsa Alam Town. Coastal Road meets the main road across the Eastern Desert to Quena.
